To the Parishioners of St. Thomas the Apostle,

With immense gratitude, we at Peter's Pantry want to show our thanks for your kind and generous donation given to us this past Lenten Season.

We purchased a 3-door freezer which is used every day that we are open, and has made working at the pantry much easier. We also have enough money left over to purchase frozen vegetables for the rest of the year, which is another healthy option for our families.

Many people from St Thomas the Apostle have come forward and began volunteering at our Pantry as well. Friendly faces make the hours that we work at the Pantry more manageable. We are so thankful for community involvement.

Peter's Pantry will continue to provide food in a dignified manner to all of those in need in our area, thanks to organizations and caring people like yourselves.

Tracy Minehan (General Manager)
Board of Directors for Peter's Pantry
